**General Meeting**  
**November 6, 2019**  
**MHS Parent Room**

- I. **Welcome:** The MHMAA general meeting was called to order at 10:00 a.m. by President Beverly Silsbee. Board Members present: Beverly Silsbee, Nancy Larr, Charlene Brax-Ospital, Carrie Colby, David Bustamante, Patsy Brierley, and Hal Hunt. Additional active members included Chuck Baldwin and Judy Bains, both of whom were founding members of the association. MHS Principal Traci Gholar was also in attendance.

Ms. Gholar presented an update on Morningside, passing handouts that showed how classrooms throughout the school were being upgraded this year to mitigate sound issues caused by LAX flight patterns. She also showed us a diagram of the school, showing how ultimately the campus was being reshaped into a smaller footprint. Excess land will be either sold or repurposed. The timeline for the soundproofing is one year and the timeline for the reshaping of the school will take an additional 2-4 years. Ms Gholar also shared about several new programs at the school. MHS is collaborating with the LA County Office of Education and LAEP (LA Education Partners) to provide a Community Schools program that nurtures both student welfare and academic success at the school. Liaisons from these partners work with school personnel to provide coaching and staff development to teachers, and centers where snacks, counseling services, computers, and comfy homework stations are available for students within and beyond the school day,

Ms Gholar then took the group on a tour of the school, where we saw some of the new construction going on. We also saw the old woodshop, which is now used by the robotics team. This year there are four school to career programs offered: film and animation; media design, hotel/culinary arts, and film production which will train students for union positions when they graduate.
